**Ganzeboom** has been one of the leading companies in the European transmission industry since 1968. We supply from stock OEM and aftermarket parts for transmissions, transfer cases and differentials, to be ordered 24/7 in our webshop and delivered within 24 hours throughout Europe. In addition, we are specialized in revision of gearboxes, torque converters and valve bodies.

### **TIMELY DELIVERY, HIGH QUALITY**

No matter what transmission part you need, Ganzeboom delivers high-quality products at competitive prices, in a timely manner, and with warranty. Orders submitted before 4 P.M. will be dispatched the same day. Your transmission rebuilding process won't incur any delay. And there's no need to worry about warehousing: we'll deliver your parts when you need them, shipped by DHL, UPS or TNT.

# **ABOUT US**

# TRANSMISSION PARTS

## AUTOMATIC TRANSMISSION PARTS

For all conventional automatic transmissions, CVT & DSG/DCT transmissions we stock anything you might need. Many OE parts like Borgwarner, Aisin Warner, ZF, Mopar, Jatco, ACDelco and A-quality aftermarket like Corteco, Precision, Allomatic, Sonnax, Superior.

## MANUAL TRANSMISSION PARTS

Check [webshop.ganzeboom.net](http://webshop.ganzeboom.net) and go to Manual Parts for Europe's largest stock for parts you need for rebuilding manual gearboxes for passenger cars. You may search on gearbox code or gearbox type. A wide range of bearing & sealkits are available with OE & A quality aftermarket bearings & seals like Timken, SNR, TNT, Corteco, Fersa, LUK/Schaeffler. Under the umbrella of the TransGear Box (R) quality brand. Do not settle for less!

## DIFFERENTIAL PARTS

Ganzeboom offers many parts for front & rear differentials, such as Transgear Box or Schaeffler bearing & sealkits. Go to Differential Parts in the webshop. For some differentials like Mercedes & BMW it is difficult to identify; please contact your Ganzeboom sales person with VIN.

## TORQUE CONVERTER & VALVEBODY / MECHATRONIC REBUILDING

Inhouse rebuilding, many exchange units in stock! Check the webshop for stock and prices. Search with OE reference or gearbox code. Or ask your sales contact. (Please provide Stucklist or VIN).

# BEARING & MASTERKITS

More than 20 years ago Ganzeboom, as pioneer, started developing the program for bearing & seal kits for manual (& later DSG) transmissions, differentials and transfer cases. We may proudly say that we are a European market leader for these products.

This does not mean we lay back, on the contrary! Recently many new references have been added and stock is good! We now have more than 375 different part numbers and over 1000 masterkits on the shelf.

All our master kits have OE or A-quality aftermarket bearings & seals. Find them in our webshop searching on gearbox code or OE part number for the complete transmission.

Ganzeboom is market leader for bearing kits for manual and DSG gearboxes, transfer cases and differentials. In our webshop you can enter the gearbox code and the correct bearing kit shows up. In case of doubt please contact our sales team!
